

Zephaniah: SiapherKone Version (SiapherKone Version of the Bible)

The SiapherKone Version of the Bible, produced by Dean Williams, is based on the best available Greek, Hebrew, and Aramaic resource materials. It is written to be more colorful and less politically correct than most other versions, even other contemporary ones. This modest offering of one of the less well known Minor Prophets, Zephaniah, provides a window into the violence of the transition from Assyrian dominance to the conquests of Nebuchadnezzar and the Chaldean army from Babylon.

Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah: Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
