

Word Studies in 1 Thessalonians

Marvin Vincent was a 19-century Presbyterian minister and professor of New Testament at Union Theological Seminary in New York City. He is best known for his classic Word Studies in the New Testament. Vincent opened his Word Studies by remarking, New Testament commentaries are so numerous, and, many of them, so good, that a new essay requires some explanation. The present work is an attempt in a field which, so far as I am aware, is not covered by any one book, though it has been carefully and ably worked by many scholars. Taking a position midway between the exegetical commentary and the lexicon and grammar, it aims to put the reader of the English Bible nearer to the stand-point of the Greek scholar, by opening to him the native force of the separate words of the New Testament in their lexical sense, their etymology, their history, their inflection, and the peculiarities of their usage by different evangelists and apostles.

Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah: Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
