

Green Smoothies

A book that recites the many health benefits of the green smoothie health drink such as good taste and is loaded with essential vitamins, minerals, fiber, plant protein, copper, iron, b1,b2,b6, niacin, carbohydrates, antioxidants, natural sugars and sodium, etc. This food is prepared by finely blending approximately 60 % leafy green vegetables with 40% fresh fruits and you can add fresh herbs, fruit juices and almond milk (or any other plant, grain, nut or seed derived milk) The green smoothie can also be used to replace other types of unhealthy animal flesh diets that are naturally loaded with disease, bacteria, worms, parasites, cholesterol, saturated fats, triglycerides, animal proteins, artificially injected growth hormones, etc. The green smoothie is also a good replacement for artificial beverages such as Kool Aid, Coke, Pepsi, Dr Pepper, Gatorade, Monster drinks and a host of others unhealthy synthetic concoctions. Other health benefits of the green smoothie are healthy skin, cleans and expels toxins from the body, regulates the systems of the body, delivers more energy, decreases un-natural appetites, facilitates weight loss, decreases cravings for junk foods and drinks and has a holistically calming effect on the body.

Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah: Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
