

A Cloud of Witnesses: Readings on Women of Faith

From Teresa of Avila to Corrie ten Boom, women of faith through the centuries have left us a rich legacy of wisdom through their examples of lives well-lived for God. A Cloud of Witnesses is a delightful introduction to some of these extraordinary women. Through fifty brief, user-friendly devotional readings, readers will: - walk with Amy Carmichael through the streets of India, where she rescued children from Hindu temple prostitution - consider Susanna Wesley's motherly advice to her son on resisting worldly temptations - experience the shackles of prison with French mystic Jeanne Guyon, who found the strength to pray, Thy will be done! A related Scripture reading and prayer follow each biographical account and ensure easy personal application. Daniel and Margaret Partner are also coauthors of the companion book Women of Sacred Song: Meditations on Hymns by Women, which profiles the contributions of Christian women to music.

Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah: Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
