

The National Fabric: Fashion, Britishness, Globalization (Dress, Body, Culture)

British fashion is characterized by oppositions: punk versus pageantry, anarchy versus monarchy, Cool Britannia versus Rule Britannia. Why has British fashion come to be so contradictory? How are these contradictions employed to sell British? What do they mean for consumers who buy British? Through an examination of iconic fashion companies Paul Smith and Mulberry, *The National Fabric* provides telling insights into the culture of contemporary fashion and the dilemmas of going global. Goodrum argues that Britishness is characterized less through a particular look than through its ambiguities. She shows how the apparently straightforward and economically--driven process of globalizing British fashion is, in fact, far more culturally nuanced and locally embedded than has previously been suggested.

Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah: Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
