

Walking with Jesus: A Way Forward for the Church

Two thousand years ago Jesus said, Follow me. What if the twenty-first-century church actually heeded that call? What would the world look like if the church were truly on the move? Simply put, very different. But these ponderings beg one more critical question: What exactly should the church be moving toward? In *Walking with Jesus: A Way Forward for the Church*, Pope Francis' own words lead us to the answer. Francis urges us to make Jesus central in our individual lives and in the collective life of the church to walk toward him, and ultimately to walk with him at all times and in all places. With a foreword by Archbishop of Chicago, Blase J. Cupich, Pope Francis' first major appointment in the United States, *Walking with Jesus* offers the church a much-needed way forward, past its inner and outer walls, as it fearlessly follows Christ toward the future.

Abravanel's *World of Torah*, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's *World of Torah: Bereshit* was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's *World of Torah: Shemot Volume I* covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's *World of Torah: Shemot Volume II* concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
