

Barabbas: A Dream of the Worlds Tragedy

NEWCASTLE DAILY JOURNAL. Barabbas is appallingly well written. I use the adverb advisedly. In the boldness of its conception, in the fearlessness of its characterisation, in the lurid brilliancy of its execution, Barabbas is appalling. As a religious novel, Barabbas stands alone. The religious novel, as we now know it, belongs either to the goody-goody class or the up-to-date up-to-doubt class. Anybody can write such novels, but no one, save Marie Corelli, could write Barabbas. November 50, 1893. SHAFTS. Barabbas is a masterpiece, and will hold its own more and more as time passes, clearing thought and destroying prejudice. That it contains much which will not obtain the universal vote, is of no account ; the best and noblest literature always does. It is not only one of the books of the year, but with the authors other works may be said to be among the most powerful literary productions of the nineteenth century. The last fifty years, which have witnessed such radical changes in our literature, have produced nothing greater of their kind than the works of this gifted writer. . . . January 1894. BOSTON INTERIOR. A strong story, strong in description, strong in feeling. The single conception of Barabbas raises it to a high level ; and the tone of the whole, exalted and passionate, makes it impressive, and impressive for good. December 1893. BOSTON CONGREGATIONALISM A remarkable work in many ways, bold yet reverent in its handling of the great and solemn facts of the trial, crucifixion, and resurrection of Jesus ; striking in its fresh and sympathetic representations of Judas, Barabbas, and others ; uplifting in its tender and beautiful conception of Christ, and brilliant in its descriptions. It will promote true devotion to Christ in every one. December 1893. BURLINGTON HAWK-EYE (Iowa). A wonderfully interesting and fascinating story of the greatest of earths tragedies . . .

full of intensely dramatic power. November 24, 1893.

Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah: Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
