

Canyons of Night: Book Three of the Looking Glass Trilogy

Growing up on Rainshadow, Charlotte Enright knew better than to ever go into the Preserve, until that one fateful night with Slade Attridge - a night neither of them would forget. Now, 15 years later, both have returned to the island: Charlotte to take over her late aunts antiques shop and Slade to fill the police chiefs position. Able to read auras, Charlotte senses something amiss in Slade, but that doesnt stop her from wanting him - again. That is, as long as his dust bunny deputy keeps his paws off her merchandise. Hiding a psi injury, Slade is afraid of his powerful desire for Charlotte. But a series of increasingly violent crimes draws them closer together - and into the darkness at the heart of the Preserve....

Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah: Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
