

## Household Determinants of Child Labour in North East India

The report Household Level Determinants of Child Labour in North East India is the outcome of a study conducted at the Department of Economics, Rajiv Gandhi University, (formerly Arunachal University) Itanagar, with financial support from Maulana Abdul Kalam Azad Institute of Asian Studies, Kolkata. We would like to express our profound gratitude to the Director and other staff members of Maulana Abdul Kalam Azad Institute of Asian Studies, Kolkata for all the help and support extended to us during the course of our research. This work was greatly facilitated by the informed counsel and support given to us by the officials of the State government.

Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah: Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
