

Desiring Gods Will: Aligning Our Hearts with the Heart of God (The Spiritual Journey)

Most people think of Gods will as something to be found or as the receiving of guidance from God when making decisions. Too often, however, the problem is not that we dont know what God desires for our lives, but rather that we just dont want to do what we already know he wants. How might our wills be changed so that we become both willing and able to do what God asks of us? In *Desiring Gods Will* psychologist and spiritual director David G. Benner explores the transformation of the will in Christian spirituality. He examines why our desires are disordered and how our human volition can be brought into alignment with Gods intentions so that we willingly choose that which God wants for us. In so doing, Benner shows us that cultivating discernment and being attuned to Gods desires is the path to true life, spiritual health and freedom. God wants to change our choosing, not just our choices. By aligning our hearts with Gods, we will find liberation from the kingdom of self and instead experience the joy of the kingdom of God. This expanded edition, one of three titles in *The Spiritual Journey* trilogy, includes a new epilogue and an experiential guide with questions for individual reflection or group discussion.

Abravanel's *World of Torah*, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's *World of Torah: Bereshit* was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's *World of Torah: Shemot Volume I* covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's *World of Torah: Shemot Volume II* concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
