

The Essential Handbook of Womens Sexuality [2 volumes] (Womens Psychology)

This cutting-edge two-volume set with contributions by distinguished and internationally recognized scholars provides a comprehensive picture of contemporary issues in the field of womens sexuality, emphasizing womens diversity and international perspectives. Vignettes and real-life stories to illustrate concerns, questions, findings, research, and concepts. In-depth coverage of a wide spectrum of sexuality topics among women, including sexual desire and satisfaction; sexuality concerns in diverse countries; pornography; lesbian, bisexual, and transgender women; trauma, rape, and intimate partner violence; and mental health and therapy. Contributions from 63 distinguished scholars who are experts in their fields. Extensive bibliography with each chapter.

Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah: Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
