

Creating My Dream Body: How I Lost 45 Pounds In Just 15 Minutes A Day

Three years ago, Tris was ready to give up on his physical body and life. For ten years, he struggled to do everything right - everything the experts told him - but could never achieve what he desperately wanted. Letting go and stepping back was a blessing in disguise. He had a sudden realization: What if all the self-development he had learned to improve his relationships, career, attitude and finances could improve the shape of his body? He took the idea and ran with it. Six months later, he had lost forty-five pounds and shocked his friends and family. He soon realized he had discovered his magic bullet, and had a simple and profound message to share. *Creating My Dream Body* is a weight-loss book about changing the tide. Described as a breath of fresh air for the weight-loss world, Tris has guided over a thousand people on the path to achieving a resilient, permanent mastery of their body. No theory. No assumptions. Just the proven, practical and wholistic path of steps Tris took to completely transform the relationship with his body in a few weeks. Complete with mental and practical exercises, you will learn: - the core reason why losing weight has been so difficult for you - how to remove the struggle - the path to complete your transformation - how to turn your far-fetched dream into a clear, simple goal with a simple action plan. - how to lose weight on your terms, keep it off forever, and love your life!

Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat

Mishpatim, plus much more.

Abravanel's World of Torah:Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
