

Football Officiating Mechanics Illustrated: 4 and 5 Person High School Crews- includes CD-ROM

Football Mechanics Illustrated is the only High School mechanics book to combine crews of 4 & 5 with detailed image. Referees exclusive MechaniGram™ graphics give you precise locations and movement guidelines for every type of play situation. By studying this easy-to-read yet in-depth resource, you'll be able to be in the right place at the right time, every time, to make the right call. Every image from the book is included on a CD-ROM that you can use in your PC or laptop at home or up on screen at an association meeting, making it the perfect tool for training and instruction.

Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah: Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
