

# Fundamentals of Female Dynamics: The Practical Handbook to Attracting Women

A mature guide to attraction that is neither insulting to women nor to the intelligence of its readers. While written for a general audience, this text caters especially to those with technical backgrounds. Logically minded individuals, such as engineers and computer programmers, are generally among the most befuddled when it comes to attracting women. While attraction and seduction are more of an art than a science, this text breaks down and delineates the most critical and fundamental concepts. Inside this book you will not find pick-up lines, routines, gimmicks, tricks or manipulative mind games. While other resources provide surface level advice, this book tackles attraction on a first principles basis. By understanding how attraction works on the deepest level, you will learn to address the causes of your issues rather than just how to cover up the symptoms. That is, you will learn to become an attractive man, not just how to act like one.

Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah: Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
