

The Gap-Man Pressure Football Defense

The Gap-Man Pressure Football Defense: How to Consistently Stop the Run & Pressure the Pass without Superior Athletes and/or Size is a 108-page, 8 1/2" x 11", soft cover book. This book describes a defense that is the cumulative product of many other defenses, including the Gap 8, 10-1, 46 Gambler, Slant-60, and 6-5 Goal Line. This defense has a great potential for the underdeveloped athletes success. This is a high-pressure, all-over you, right now, equalizer defense. It forces an opponent to change blocking schemes, change blocking tactics, change play calling, and, most importantly, change their emphasis away from the run. In this book, I discuss the defenses I used to develop this defense, the details of how to install this defense, practice drills and organization, and how to deal with problem offenses such as the Wing-T, Spread Option, and Spread Passing.

Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah: Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
