

## Islamic Fashion (Pepin Fashion, Textiles & Patterns)

The interpretation and implementation of the basic Islamic rules for women's dress vary from country to country and are subject to cultural and individual styles. Muslimahs in Northern Africa and the Middle East dress quite differently from those in Pakistan and Southeast Asia. When it comes to decoration, a specific type of ornamental design has been developed in the Muslim world, which employs a variety of geometric patterns, stylized floral elements and ornate calligraphy. On clothing this decoration often appears in the form of embroidery. PEPIN? 8: ISLAMIC FASHION contains historical images of dress from several Muslim regions, examples of modern interpretations, and many pictures of modern Islamic fashion. Also included are photographs and drawings of embroidered, printed and woven decorative elements. CD with Designs included.

Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah: Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
