

Its Love... Isn't It?: Recognizing and Beginning to Heal from a Lifetime of Abuse

The roots of lifelong painful, unhappy relationships are planted firmly in childhood. Abuse of all kinds--- emotional, physical, neglect and abandonment, sexual-- is disturbingly common, and the inevitable outcome is a sense of absent self-worth, of never being able to please anyone or do anything right, and a never-ending drive to seek nurturing, care and love from the important people in ones life, even when theyre abusive. Here, Dr. Crane addresses these issues in depth, presents some typical case histories, and discusses ways through which you may begin to find your path out of life-long pain.

Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah: Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
