

Kingdom, Office, and Church: A Study of A. A. van Ruler's Doctrine of Ecclesiastical Office (Historical Series of the Reformed Church in America)

A. A. van Ruler is one of the Netherlands most influential twentieth-century theologians. His theology of the Kingdom of God and its relationship to the church, and to the ecclesiastical offices of the church is one of the challenging aspects of van Ruler's work. His insights, together with their implications for the church today, are the subject of Janssen's closely reasoned analysis. A major contribution to the ecumenical discussion on ministry and office. -- A. van de Beek Free University of Amsterdam

Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah: Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
