

The 10 Stupidest Mistakes Men Make When Facing Divorce: And How to Avoid Them

The Knowledge Every Man Needs for a Successful Divorce Each year 500,000 men will face divorce, and most of them make at least one crucial and often irreversible mistake. These errors might seem minor, such as moving out while things get sorted out, or thinking of temporary orders as being truly temporary. But when they get to court, these men discover they have put themselves in a terrible position. They may have to give up their house, pay impossibly high alimony, or even lose custody. You could be one of these men. But you don't have to be. Joseph Cordell, the founder of the nation's largest law firm focusing on men's divorce and the creator of DadsDivorce.com, has seen the consequences of the mistakes men make. Drawing upon the huge number of cases that Cordell & Cordell has handled, this book identifies the 10 most common mistakes that end up hurting men in divorce. Cordell demystifies the divorce process, explains what judges consider in making their final decisions, and lays out a road map for positive actions men can take to achieve the best possible outcome. No man should face divorce without this book.

Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah: Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
