

Liminal Key

Krystal Fisher is a neglected American housewife writing novels to make extra money for her farm, and her husband. When she's Magicked out of her backyard by two mischievous Elf toddlers, Evan and Inga, to an Alternate Earth, called Niflheim, or Ice Home; planet of mist that orbits a Cold Black Sun in a Hot White Universe filled with Black Stars. She unknowingly promises to marry their father, an impossibly seductive and strong Elf soldier. The flora, fauna, Fairies, and humans feed off of the Cold energy from the Black Sun, but it is fatal for all Elves; they must hide underground or they will age rapidly and die a painful death from exposure.

Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah: Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
