

## Money Mastery 102

Are you ready to take control of money rather than letting money control you? Are ready to master money and harness it for expanding the frontiers of the kingdom of God? There are many things that influence the flow of money, allowing more of it to flow to some people leaving others without much of it; these factors are what I have termed Money Dynamics. Gaining mastery over money requires gaining a deeper understanding of the tangible and intangible factors that govern its behaviour, its movement and determine its flow. The book Money Mastery 102 sets out to uncover some of these factors bringing them to the forefront, thus equipping you with the wisdom, knowledge and understanding required to gain mastery over money. Whether you like it or not your ability to master money or its ability to master you has great impact on the whole of your life. What you know or do not know about money will have a bearing on the way that your life turns out.

Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah: Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
