

The New England Patriots Playbook: Inside the Huddle for the Greatest Plays in Patriots History

The Patriots have won the most Super Bowls this century with victories in four years, and this is a compendium of their best plays. This book does not disappoint as the ultimate collectors item for Patriots fans. It chronicles the most famous moments in the New England Patriots history, including Jim Nances 1966 Sports Illustrated cover; the team taking advantage of turnovers in the 1986 playoffs to make it to Super Bowl XX; and the incredible run through the 2002 playoffs against the Raiders, the Steelers, and the Rams. It also examines Willie McGinest's sacking of Peyton Manning in 2004 and Rodney Harrison's six interceptions in the 2005 playoffs. The descriptions of each play are accompanied with game information and quotes from participants, players, and observers with firsthand accounts.

Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah: Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
