

## Paris Street Style: A Guide to Effortless Chic

One city always seems to win the award for most-wanted style Paris, where people walking down the avenues mix timeless and trendy pieces in a way that appears effortless. French fashion writers Isabelle Thomas and Frédérique Veysset break down the *je ne sais quoi* of Paris street style, describing the essential elements that should be in everyone's wardrobe. Renowned experts on French style designers, stylists, editors, and celebrities also chime in to reveal their favorite accessories and how to create multidimensional looks and make affordable clothing appear luxurious. Starring both fashion icons and anonymous women met on the streets of Paris and richly illustrated with hand-drawn sketches and Veysset's striking photographs, *Paris Street Style* is an inspirational fashion guide that will allow you, no matter where you are from, to cultivate an everyday style of timeless glamour, careless, easy chic *à la française*. Praise for *Paris Street Style*: In this fun new book, a pair of fashion bloggers promise to reveal the secrets of their compatriots' mysterious and seemingly innate ability to look sophisticated under any circumstances. With the help of hand-drawn illustrations and photos of models, fashionistas and anonymous women met in the street, they dissect the essential elements of *les Parisiennes*'s deceptively casual, highly individualistic brand of urban chic and offer readers tips galore on creating their own personal style. *France Magazine*

Abravanel's *World of Torah*, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's *World of Torah: Bereshit* was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's *World of Torah: Shemot Volume I* covers the first six parshiyot in Sefer Shemot. This volume features a

systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah:Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
