

Powerful Persuasion: Multimedia Witness in Christian Worship

When it comes to communicating the gospel through new media and technologies, churches are often faced with one of two bad options. Either they can reject these new vehicles for sharing the faith as not the way we've always done it; or they can uncritically embrace them, failing to see that when not understood properly these media can obscure the gospel message just as much as they can communicate it. If they are going to reach the generations formed by electronic culture, churches must engage in a new evangelism, one that makes use of new technologies and cultural expressions. Sample explains how the electronic generations receive and process the information communicated by new media, and how the ways in which our consumerist culture makes use of those media are not good models for how the church can employ them to spread the message of Jesus Christ. Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah: Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
