

Texas Football (Guide and Record Book)

Arranged in a unique year-by-year format, theHuddleUp! series presents readily accessible statistics and trivia about fan-favorite sports teams. Providing detailed facts and figures from the teams history, the book includes the all-important sections on Hall of Famers, coaches, and awards garnered throughout the years, but also gives a more comprehensive view than most sports guides by providing such information as history of the conference, draft picks, or team rivals. Naturally, there is also a good helping of greatest entries in this record book, and any fan of the team will find this resource invaluable. The book also includes a special 2008 season review that provides anecdotes from the coach and players along with statistics, making the book important memorabilia to anyone for whom that season has extra significance. University of Texas fans will become experts with this concise book of team stats and history.

Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah: Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
