

## In Love, In Pain: Stories of Love, Loss, Betrayal and What to Do Next!

Caitlyn, Dedra, Yasmine, Marva and Sherese are all in love each has a decision to make. What would you do, if you discovered your husband had a second family? What would you do if your husband wouldn't work? Would you go to prison to save your man? What if he's gay; would you stay? Is there ever a time to give up on love? When is love too painful?

For once, you the reader get to decide! Based on your assessment, you choose from three distinctly different endings all with different consequences. Should she stay and pray or set it off? You decide if love is worth the pain. In Love, In Pain reveals the hard part of relationships and how women in love will put themselves in physical, emotional, spiritual danger for love and all its trappings. In Love, In Pain can simply be an entertaining read or readers can examine and inventory their own lives easily and inexpensively by journeying through a fictional woman's life.

In Love, In Pain is about women and the places they find themselves on the pilgrimage toward romance. It lets each woman decide her own tolerance level for personal pain, rejection and denial. Will you see yourself, your friends, your daughter, your sister or co-worker in any of these women? Will you look at your relationship differently? What will you tell the women in your life when they are IN LOVE, IN PAIN?

Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah:Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
