

## Jesus, Keep Me Near the Cross: Experiencing the Passion and Power of Easter

This collection of readings, drawn from the writings and sermons of 25 classic and contemporary theologians and Bible teachers, focuses on the wonder of Christ's sacrifice. In a culture where crosses have become little more than decorative accessories and jewelry, how easy it is for even the most well-intended Christian to rush from Palm Sunday to Easter Sunday without thoughtfully contemplating the cross and all that it means. Yet we miss out on spiritual riches when we do. So that we all may linger at the cross during the Lenten season—and stay near it the whole year through—editor Nancy Guthrie has compiled this special anthology. It draws from the works and sermons of classic theologians such as Luther, Edwards, Spurgeon, Ryle, and Augustine, and from leading contemporary communicators such as John Piper, R. C. Sproul, Francis Schaeffer, John MacArthur, Skip Ryan, and Joni Eareckson Tada to help readers enter into an experience of Christ's passion and anchor their hope in the power of his resurrection. Each essay in this collection holds to a high view of Scripture and expounds on a particular aspect of the Easter story using the appropriate Scripture passage from the ESV Bible. These readings are sure to prepare people's hearts for a fresh experience of the cross each and every Easter season.

Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah: Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan

(Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
