

Rhetoric and Exegesis in Augustines Interpretation of Romans 7:24-25A (Studies in the Bible and Early Christianity)

This study provides an interpretation of Augustines theological and exegetical development over the course of his career. On a general level, it demonstrates the impact of rhetorical culture on early Christian approaches to the Bible. It also demonstrates how Augustines interpretation of Paul was shaped by a persuasive rhetorical milieu. Finally, it shows the history of a critical text (Romans 7:24-25a) that Augustine employs from first to final writings.

Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah: Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
