

Shared Stories from Daughters of Alzheimers: Writing a Path to Peace

An enthralling, ambitious and much-needed effort...most definitely the sort of work on Alzheimers that needs to get public notice. A Karla Morales, Peoples Medical Society Nine women map the journey of a parents journey through Alzheimers disease, describing the evolution of their own emotional responses to the disease and the changes it effects in the patient and in her relationship with family members. The book invites the reader to take a first step in healing from Alzheimers ripple effect by beginning to journal about the experience. Kathleen Adams, author of four books on journaling, provides guidance in her introduction. Daughters of Alzheimers promises to be a useful tool for families dealing with Alzheimers.

Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah: Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
