

Superannuation: Planning Your Retirement For Dummies

Created especially for the Australian customer! Plan for a secure retirement using superannuation. With the latest government reforms and concessions, superannuation is now one of the most powerful tools available for effectively planning for your retirement. Packed with expert tips, *Superannuation: Planning Your Retirement For Dummies* explains all the issues in plain English -- helping you focus on your long-term retirement lifestyle. Discover how to: Work out how much money is enough. Increase your contributions and your fund balance. Determine whether you can retire early. Decide between taking a lump sum or an income stream. Make the most of the Age Pension and other concessions.

Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah: Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
