

Stocking Book

A sumptuous feast for the eyes, and rich in historic detail, *The Stocking Book* is a lively and lovely paean to the world's most alluring garment. Often overlooked, the stocking has always been as outrageous as it is practical, from the ancient world all the way up to the modern era. Arwas navigates the creation of the stocking, from the first knitters to mass manufacturing and the invention of nylon, and explores its many uses, from a practical garment worn by both sexes to the extravagant, luxury items they have become today. Sifting through decades of art, Arwas delves into the explosive cultural sensation of the stocking, from the role they have played on the runway to the phenomenon of the Christmas stocking. Complete with full-color illustrations and photos, as well as cultural commentary, *The Stocking Book* is bursting at the seams with its delightful and irreverent history.

Abravanel's *World of Torah*, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's *World of Torah: Bereshit* was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's *World of Torah: Shemot Volume I* covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's *World of Torah: Shemot Volume II* concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
