

The Complete Scarsdale Medical Diet: Plus Dr. Tarnowers Lifetime Keep-Slim Program

For more than 40 years, Dr Herman Tarnower warned his patients to eat sensibly and stay trim. When they complained that diets didnt work, he decided to find a diet that would work. After years of research and medical trials he founded the Scarsdale Medical Centre and developed a weight loss programme that he believed was simple, safe and fast. This book offers answers to a range of diet and health questions, and contains five complete 14-day menu plans, a lifetime keep-slim programme and guidance on a range of medical problems that are affected by diet.

Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah: Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
