

The Elect Nation: The Savonarolan Movement in Florence 1494-1545 (Oxford-Warburg Studies)

The Elect Nation is the first comprehensive study of the religious, political and cultural movement inspired by Savonarola. Based on a thorough examination of archival material and manuscript sources, the book argues that the followers of Savonarola exercised a profound influence on every facet of Florentine life during the important period of the city's transition from republic to principate. It is the author's contention that their ideology and activities provide the key to understanding not only the political developments of the last years of the Florentine Republic, but also the nature of contemporary political debate and the characteristics of the merging Medicean Principate.

Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah: Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
