

Why Do I Feel This Way?: What Your Feelings Are Trying to Tell You

In *Why Do I Feel This Way? What Your Feelings Are Trying To Tell You*, Dina Wilcox tells the stories of her return from the loss of her husband in order to explain how the science of feelings, emotions and memories--with the help of that little voice she posits we all have in our heads--enabled her to re-create a life she could live with. In straightforward, plain language, each chapter contains a different piece of the story as the context for an unscientific experiment Wilcox conducted as she set about to understand what science could teach her about using her brain to help her move forward with her life. Her premise is that non-scientists like herself need to know how we can use our feelings and emotions, as well as such responses to life as fear, happiness, love, empathy, intuition and memories, which have evolved in our brains to help us live our lives deliberately and not as victims of our circumstances.

Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah: Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
