

The Political Imaginary of Sexual Freedom: Subjectivity and Power in the New Sexual Democratic Turn (Studies in the Psychosocial)

This book develops a performative and relational approach to gendered and sexualised bodies conceived as distinct from the more limited individualistic idea of sexual identity and orientation that is at play within notions of progress in contemporary transnational sexual politics. Focusing on the psychosocial dimension of sexual life, Sabsay challenges accepted ideas of increased emancipation, and the steady extension of rights, offering instead a critique of the liberal imaginary that is at the base of the sexual rights-bearing subject. The book offers a notion of sexual embodiment that provides an alternative to individualism, one that is social, radically relational and psychically divided, and that implies a different conception of democratic sexual politics for our time. This book brings together political and cultural analysis of sexual rights discourse with a strong theory of the relational subject whose political investments and articulations depend on a political imaginary. This is a highly original and methodical text which will be of particular interest to academics and scholars of gender and sexuality studies, sociology, politics and psychology.

Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah: Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
