

The Reflexology Atlas

A fully illustrated and comprehensive reference guide to the many different kinds of reflexology. Provides reflexology treatments tailored for a wide variety of common health disorders. Contains step-by-step instructions illustrated in full color. Of all the ancient practices that have been revived by the growth of alternative healing, reflexology is one of the most popular. It is easy to learn, can be applied anywhere, and is especially well-suited to self-treatment or the treatment of a partner. It is also excellent for the treatment of children. The Reflexology Atlas is the first comprehensive reference guide to provide an overview of and instructions for the many forms of reflexology--foot reflexology, hand reflexology, ear reflexology, head reflexology, and the total massage known as Shiatsu. Reflexology provides a quick and effective treatment for many of the health disorders experienced by people in today's world. Among the treatments included by Drs. Kolster and Waskowiak are reflexology techniques for allergies, joint problems, headaches, back pain, sleep disorders, and heart and circulatory problems. The Reflexology Atlas puts these techniques at your fingertips with its step-by-step instructions illustrated in full color.

Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah: Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
