

The Rise and Fall of the Old Testament Church

Dr. Scott Hahn, renowned Catholic theologian, has a gift for making Scripture come alive and a passion for putting it within everyone's reach. This four-tape presentation is the third and last segment in his Introduction to Scripture Series. The first segment covered THE BOOK OF GENESIS; the second, THE BOOK OF EXODUS. Now Dr. Hahn completes his Old Testament overview by exploring THE BOOK OF DEUTERONOMY through THE BOOK OF DANIEL. Regarding the relationship between the Old and New Testaments, the documents of the Second Vatican Council state, God, the Inspirer and Author of both Testaments, wisely arranged that the New Testament be hidden in the Old and the Old be made manifest in the New. In these remarkable series, Dr. Hahn brings to light for us what is hidden so that what is made manifest will be infinitely more profound.

Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah: Shemot Volume II concludes Sefer Shemot. It features an in-depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
