

## Work and Family (Research in the Sociology of Work)

Hardbound. This book addresses key issues regarding the nexus of work and family in society at the beginning of the 21st century. For many families, the balancing act brings rewards as well as concerns. Employers and governments struggle with whether and how to assist in achieving balance. The work presents original research that addresses the challenges in meeting work and family obligations. Each chapter provides policy recommendations that many help achieve better work-family balance, changes in work-family attitudes, conditions leading to firms adopting policies to support work-family balance, and studies of child outcomes in dual earner families.

Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah: Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
