

What the Bible Really Tells Us: The Essential Guide to Biblical Literacy

The Bible is the foundational text for Jews and Christians, but most people, having little knowledge of what it actually says, feel less than comfortable navigating its pages. *What the Bible Really Tells Us* solves this problem, providing a thorough, yet accessible, guide to the Good Book and the ways in which it can enrich one's life. Opening with a 60-Second Super-Easy Bible Quiz to test a reader's knowledge, author T.J. Wray provides essential background information to arm readers with the tools necessary to read and interpret passages on their own. And, with these tools in hand, Wray helps readers explore what the Bible really says about key issues today, including suffering, heaven and hell, gender and sexuality, and the environment. *What the Bible Really Tells Us* is an indispensable guide for individuals and groups interested in gaining a fuller understanding of the Bible and the timeless lessons it imparts.

Abravanel's *World of Torah*, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's *World of Torah: Bereshit* was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's *World of Torah: Shemot Volume I* covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's *World of Torah: Shemot Volume II* concludes Sefer Shemot. It features an in-depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
