

The Papacy and the People of God

At the dawn of a new millennium, ten of the worlds leading theologians and Vatican watchers ponder the future shape of the papacy. Pope John Paul II himself invited such reflections when, in his encyclical *Ut unum sint*, he said the church should search for a manner of exercising the primacy that would be open to a new situation. *The Papacy and the People of God* explores a range of issues including the history and theology of papal primacy, infallibility, the magisterium, papal elections, the relationship of the papacy to a thoroughly indigenous church, and the role of the papacy in an ecumenical church of the future.

Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah: Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
