

Worldviews: A Christian Response to Religious Pluralism

Author Anthony Steinbronn examines the postmodern perspective that views the Christian church as only one of many brands in the ideological supermarket. He critiques the position that Christianity no longer has ultimate truth but must take its place alongside numerous other religions. How should Christians respond in this pluralistic age? Steinbronn advocates that we need to know how different religions view the world, humanity's reason for existence, sin and its consequences, and eternal life. Armed with this knowledge, Christians can communicate the truth of God's Word to a world searching for truth and meaning.

Abravanel's World of Torah, upon completion, will comprise a multi-volume set of Don Yitzchak Abravanel's commentary to the Five Books of Moses. This series is not a linear translation but rather a methodical, structured interpretation of Abravanel's commentary. It is designed to be read and studied independently or can be used as an excellent guide and helpful companion to the Hebrew original.

Abravanel's World of Torah: Bereshit was originally published by Torah Renaissance Press in 2012. This was followed by a Second Printing (2nd Ed.) in 2013 and a Third Printing in 2014.

Abravanel's World of Torah: Shemot Volume I covers the first six parshiyot in Sefer Shemot. This volume features a systematic translation of Abravanel's classic commentary beginning with Parashat Shemot until the end of Parashat Mishpatim, plus much more.

Abravanel's World of Torah: Shemot Volume II concludes Sefer Shemot. It features an in depth analysis of the Mishkan (Tabernacle), the Thirteen Attributes, and much more.

Vayikra is due out in the Spring of 2017.
